

Welcome!

Welcome to CopperCon X!

Greetings!

Welcome to CopperCon X. This is the tenth year the Central Arizona Speculative Fiction Society has sponsored the annual CopperCon science fiction convention and we're going strong. I'm certain you'll enjoy this year's guests of honor — David Gerrold, Keith Laumer, Wilson "Bob" Tucker, and Julie Guthrie — as each is talented and interesting.

If you're new to science fiction conventions (or "cons"), we've got something special for you. For the first time we're offering guided tours of the convention. A schedule of tours is posted in the lobby of the Convention Center (see the map inside this pocket program). We've also created a guide to con lingo — pick up your copy of *A Virgin's Guide to (convention) Life*. It contains a fairly complete glossary of the terms that have sprung up in fandom (see the *Guide* if you don't know what that is).

Conventions wouldn't take place without the support of a great group of committee, staff, and volunteers. No one at the convention is paid a cent for their tremendous contributions of time and I'd like to thank everyone that has made this convention possible.

If you've got a few minutes to spare, any help is appreciated. Either pitch right in or stop by the Volunteers/Information table in the lobby of the Convention Center — help is *always* appreciated.

Have fun!

Matthew Frederick

Chairman, CopperCon X

CopperCon X Pocket Program

What?

A complete timetable of panels and special events. For a complete description of each panel and its participants, see the Program Book, pages 8–15. Next to each panel is a small box — go through the Program Book and discover which panels you're interested in. Then simply check the box next to that panel here — you'll only need to carry this with you. Also, next to most panels are one or more symbols — these serve as a guide to the panel's general content.
