**Introduction to Wounds and Prosthetics with Silicone**  
Reynolds Advanced Materials would like to invite you to an hour of wounds and prosthetics using Smooth-On Silicone rubbers. Niki Williams will present cured samples to help explain about the process. Then it will be onto the fun stuff of demonstrating the applications on victims, oops, we mean models, chosen from the audience. Come join the fun and learning while we 'wound' people!

**Decorating with Hot Glue**  
Using hot glue in creating Halloween decorations

# MEET THE TRANSYLVANIAS FROM CASTLE TRANSYLVANIA.

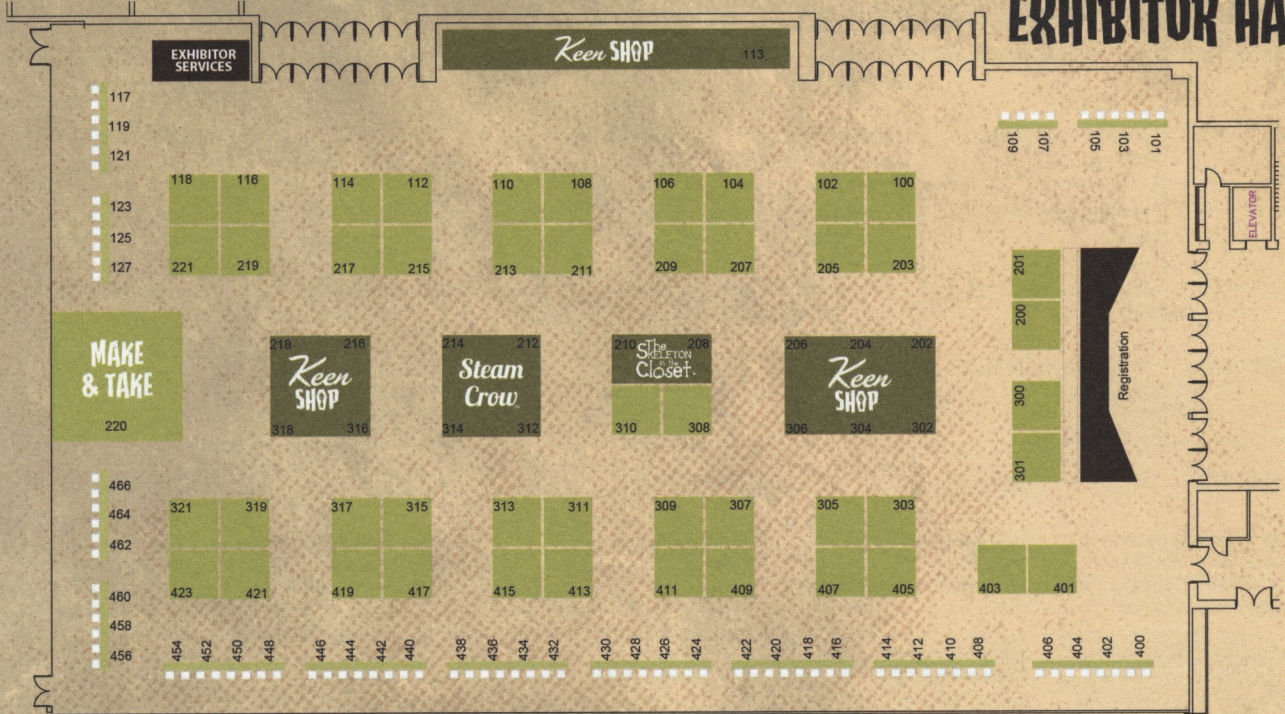

They're opening up their castle for us to celebrate Halloween twice this year. Introducing Vlad the Impaler, the esteemed leader of the Transylvanias. He is ruthless and cunning, but not altogether wise. His devious plans seem to work out despite his involvement. Enter Betrix and Vlad Jr., the real masterminds of the family. Always behind the scenes, but never far from the action. Bet and Vlad Jr. keep The Impaler in power, even if he doesn't know it.

Renfield and Chatterbox are the trusted companions and advisers to Vlad the Impaler, but Chatterbox just makes noise and Renfield only drools. Gradpater Feratu looks on, hoping to prove his son is a failure. The Bride looks stunning in her dress and her rosy cheeks and cannot wait to sink her teeth into Vlad's fortune and power. Alas, Bet and Jr. are on to her and keep delaying the wedding.
