**PHOENIX COMICON** spans  
4 Days, 4 Floors, and Content  
at the Hyatt and on 3rd street

**We are more than just a pop culture convention....**

### ....we are a pop culture experience.

The Phoenix Convention Center Lower Level features the Exhibitor Hall where we have more than 600 vendors, booths, artists, authors, creators and more. We've got more than 1000 hours of Programming happening on the 1st and 2nd Levels of the North and West Buildings of the Phoenix Convention Center, plus Gaming at the Hyatt Regency. Up on the Third Floor we have our Hall of Heroes where you can meet our Celebrity Guests, get Photo Ops and Autographs, and see all of our Costuming Groups.

### PHOTO OPS

Head to the Third Floor Hall of Heroes to buy professional photo opportunities with your favorite guests. Up to 4 people can be in a single photo taken by a professional photographer with a formal background, printed on an 8"x10" glossy print.

### AUTOGRAPHS

You can also get autographs from guests up in the Hall of Heroes on the Third Floor. Plan ahead to be at signing times to get your favorite guest signatures. Bring an item to be signed or buy a photo onsite. Most comic book creators and authors do not charge for autographs, though some do ask for donations to various charities. Most, if not all, of our anime voice actors and Film and TV actors have a fee for purchasing autographs or will sell you a photograph, book or other item and then autograph that item for no additional charge. Prices are generally clearly posted at the guests table, but it doesn't hurt to ask.

### PANELS & PROGRAMMING

As Phoenix Comicon grows, more people want to attend programming and spotlight panels and there are some updates to be aware of.

- Seats cannot be saved.

- Rooms may be cleared before some special panels and events
- No video can be taken in Panel Rooms 301A and 301BCD

### SPECIAL EVENTS

There are a few special events where we need to charge a small fee in order to offset the expenses of producing the event. We'll also be having some special fund raisers for Kids Need to Read and will be charging admission, but the proceeds will go to support the charity. Any event that requires a special admission or ticket will be advertised as such on our website and in the program guide.

### RESERVED SEATING

We now offer reserved seating in panel rooms 301A and 301BCD. 301A Front of House are available for purchase online priced at \$30 per seat, per panel and includes the rows directly in front of the stage. 301BCD First Row seats are available for purchase online priced at \$45 per seat, per panel. Front of House seats in 301BCD include the rows behind the first row and are available for purchase online at \$30 per seat, per panel. Seats may be purchased online up until 1 hour before the start of the panel on a first come first served basis. We expect that some panels will sell out of reserved seats so we encourage you to purchase reservations before the event. After you have made your purchase online, you may pick up your pass for seats in the reserved sections at the table outside of room 301A beginning at 10:00 AM on Friday. Please note that special rules apply for certain panels and events including the burlesque and Dick Van Dyke Panels.

### TRAFFIC AWARENESS

No sitting or camping out in hallways. Please keep pathways clear so all attendees can move around freely. No stopping or gathering on the Third Floor Skybridge between the North and West Buildings.

# THANK YOU TO OUR SPONSORS

## OFFICIAL CHARITY & NON-PROFITS

**Our policies are to ensure the safety and enjoyment of all of our attendees, guests, volunteers, and exhibitors while working in conjunction with federal, state, and local laws along with the policies of the Phoenix Convention Center and host hotels.**

Phoenix Comicon reserves the right to revoke the membership badge of anyone found in violation of these policies. Any violation which involves activities prohibited by law will result in notification to the proper authorities.

## MEMBERSHIP FEES/BADGES

- Membership fees are non-refundable.
- Badges must be worn and visible at all times. Individuals without badges will not be allowed in convention space.
- Acceptance of a Phoenix Comicon membership badge and admission to the convention constitutes an agreement to allow Phoenix Comicon, its agents, or assignees to use your image and/or likeness for advertising or promotion by the Phoenix Comicon and by any media now known or hereafter devised.
- It is unlawful to duplicate Phoenix Comicon membership badges.
- Each badge admits one person to Phoenix Comicon.
- Badges are non-transferable and non-replaceable.

## ANIMALS

Service and assistance animals are permitted in all public areas and at all times. No other animals will be permitted in convention space.

## FIREARMS

As a licensed liquor establishment, the Phoenix Convention Center is governed by Arizona law which prohibits the possession of firearms at the Phoenix Convention Center and host hotels by any person other than a law enforcement officer. Personal possession of firearms is therefore prohibited, including concealed and non-concealed firearms and weapons.

## PROPS/WEAPONS

### Peace Bonding Procedure

All costume weapons that the Phoenix Convention Center (PCC) Security and Phoenix Police Officers determine to appear dangerous, on a case-by-case basis, shall be peace bonded before being allowed into the convention center. Peace bonding tables will be located on street level at designated main entrances to the PCC. Security and off-duty Phoenix Police Officers will conduct the peace bonding process:

- Peace bonded costume weapons will be recognizable by a bright neon tag attached to a non-intrusive area of the prop weapon. The tag must remain visible at all times.

- If the weapon is steel, such as a sword, the peace bond process will secure the sword inside the sheath. At no time shall the sword be removed from the sheath while attending the event.
- If a costume weapon is confiscated it will be tagged with the owners name written on the tag. Confiscated weapons will only be returned to the owner when they are departing the event. The PCC is not responsible for any damage to confiscated weapons.

## Permitted and Prohibited Costume Weapons List

### Permitted Weapons:

- Replicas of firearms provided the prop is easily identifiable as a prop weapon.
- Prop firearms such as air soft guns, NERF guns, blowguns and water guns are permitted, however, they must be inoperable and unable to fire any projectile.
- All fake, prop, or homemade weapons are permitted if they are in no way dangerous to fellow attendees.
- Sufficiently blunt wooden staves, swords, and bullwhips are permitted. The swords must be secured in a sheath, and bullwhips shall be rolled and secured by the peace bonding process.
- Costume bows are allowed, as long as they are inoperable and cannot shoot projectiles of any kind. Prop arrows are permitted, as long as they are not sharply tipped, cannot be fired, and are secured within the quiver and cannot be removed.

### Prohibited Weapons:

- The Phoenix Convention Center is a licensed liquor establishment and pursuant to A.R.S Title 4-229, prohibits firearms on the premises.
- Steel swords that cannot be secured in a sheath.
- Firearms and guns designed to fire a projectile, i.e., BB guns, pellet guns, paint-ball guns, dart guns, crossbows, and ammunition of any sort, are not permitted into the Phoenix Convention Center.
- Flail weapons: Nunchaku, are not permitted per A.R.S. 13-3101 Section A, Paragraph 8, Sub-Section a, Part v. Quote: "Prohibited weapon": - Includes the following: - "An instrument, including a nunchaku, that consists of two or more sticks, clubs, bars or rods to be used as handles, connected by a rope, cord, wire or chain, in the design of a weapon used in connection with the practice of a system of self-defense." <http://www.azleg.gov/ars/13/03101.htm>
- Incendiary weapons, i.e., which spark, shoot flame(s), burn, smolder, or can

otherwise cause combustion or which exist for no purpose other than to be lit with a combustion device.

- Self-defense weapons, i.e., pepper spray, mace, stun-guns, and tasers.
- Wooden or aluminum baseball bats.
- Other prohibited items, i.e., skateboards, golf clubs, paddles, and signs that are not integral to the costume.

## Requirements for Exhibitor Hall purchases and prizes:

- All prohibited weapons purchased or won as prizes must be securely packaged and immediately removed from the convention space to be stored in private quarters.
- All permitted props and or weapons purchased or won as prizes that are deemed to appear dangerous must be peace bonded if they are to be carried during the convention.
- Any Costume Weapons Policy questions should be directed to Phoenix Convention Center Security and Phoenix Police Officers at the Peace Bonding Tables.

## CHILDREN

All children age 12 and under must be accompanied by an adult (18+) at all times.

## 18+ CONTENT

Panels with mature content that may include strong language, nudity or horror content are marked as 18+. Phoenix Comicon only checks ID at events that include alcohol. No one under 18 is permitted to enter an event where alcohol is being served. Other panels/events will not include any ID checking. Parents are strongly encouraged to make note of this marking and to plan accordingly.

## CURFEW

Daily curfew hours for the city of Phoenix are from 10pm to 5am for children 15 years old and younger and midnight to 5am for 16 and 17 years old. Curfew hours apply seven days a week year round. Children that are on legitimate business authorized by a parent or guardian, or in the care and custody of another adult, are not in violation of the curfew ordinance. Phoenix City Ordinance Code (pcc 22-3) places responsibility on parents and guardians to supervise their juvenile children and to take custody of them if they violate curfew.

## BELONGINGS

Phoenix Comicon is not liable for missing belongings. Lost and Found is located at the Phoenix Comicon Information Desk near the Exhibitor Hall in the Lower Level of the Phoenix Convention Center.

## DISTRIBUTION OF FLIERS & OTHER MATERIALS

There will be no distribution of fliers or other materials without prior approval of Phoenix Comicon. Fliers and other materials left in convention space without approval will be discarded.

## BEHAVIOR

**The following behaviors are not allowed at Phoenix Comicon:**

- Disruptive or unsafe behavior that disturbs attendees, volunteers, guests, or exhibitors
- Sleeping in convention space
- Physical or verbal harassment of volunteers, guests, exhibitors, or other attendees
- Destruction or defacement of the Phoenix Convention Center
- Sexual misconduct such as indecent exposure, offensive touching, or sexual harassment
- Unwanted touching without permission of the individual such as glomping, hugging, etc.
- Any activity prohibited by law

## MUSIC

Amplified music is prohibited in convention space.

## DANCING

Dancing is not permitted in the Exhibitor Hall at any time. Dancing is not permitted in hallways or walkways. If you would like to dance, please do so outside in an open area that does not disrupt convention activity.

## SIGNS

The posting of signs is prohibited in all convention space. The construction and display of signs by attendees is not allowed. This includes but is not limited to such signs as "Free Hugs," "Will Yuri for Yaoi," or "Glomps for Cash." Attendees carrying such signage will be warned and have the sign confiscated. Phoenix Comicon staff reserves the right to revoke the badges of attendees carrying such signs. Signs that are a necessary part of a costume may be permitted with the approval of convention staff.

## PHOTOGRAPHY

When taking pictures, please be conscious of traffic around you and do not block walkways for extended periods. Please be considerate and ask before taking pictures of other attendees, guests, or staff.

## COSTUMES

- Above all, Phoenix Comicon is a family-friendly event. Please exercise modesty when wearing your costume. If Phoenix Comicon staff feels your costume is too revealing or offensive

to other attendees, you may be asked to change. If you have questions about what is acceptable, please contact [costuming@phoenixcomicon.com](mailto:costuming@phoenixcomicon.com) or visit any Phoenix Comicon Information Desk.

- Costumes must cover at least as much as a swimsuit acceptable for public pools and beaches. That coverage also applies to chest enhancing padding. No under- or side-cupping. Females must cover the nipple, sides of the breast and complete buttocks. Males must cover the entire groin area and the complete buttocks.
- Remember appropriate undergarments. No see-through clothing, or anything tight enough to reveal your "nooks and crannies." Clothing must not be so tight as to reveal the genitalia of the person and must not be sheer enough to expose areas which must be covered.
- Body paint and nudity are NOT costumes, and are prohibited from convention premises. Phoenix has nudity laws, and police will be around.
- Be aware of your surroundings. Your costume must permit a clear line of sight. If your costume has extensions (like wings and spikes), avoid bumping into things or people. If your costume has pieces that extend from it (wings, spikes, armor, etc.) or you are carrying a large prop, please be aware of your surroundings and of people around you. You may be asked to change your costume or remove your prop from convention space if it is found to be disruptive or dangerous.
- Roller Skates/Blades may not be worn inside the Phoenix Convention Center or Host Hotels.
- Protective footwear, with a hard sole, is required.
- Military and law enforcement cosplay must not be realistic enough to pass for the real thing.
- Please do not block doorways, walkways, or exits with your costume, props, or costume pieces.
- Depictions of swastikas are not allowed and will be asked to be removed.
- Religious cosplay must not be inflammatory or disrespectful.
- Props must be distinguishable from real weapons at first glance.
- Peace Bonding is mandatory for all props and will be completed by security.
- Metal weapons are permitted if sheathed, but not projectile weapons or flail weapons even if holstered or tied. Bullwhips are permitted only if they are tied up.
- Phoenix Comicon staff has final say whether your costume is inappropriate, and will ask you to leave the convention area until you comply with the costume policy.

## HARASSMENT & DISCRIMINATION

Phoenix Comicon is firmly committed to providing a positive experience free of discrimination, harassment and bias. Each attendee is personally responsible for maintaining such an environment. Phoenix Comicon prohibits any actions, words, jokes, or comments based on an individual's race, sex, sexual preferences, ethnic background, age, religion, physical condition, or other legally protected characteristic. Any conduct or action, whether overt or subtle, which creates an offensive or hostile environment is prohibited and will be grounds for immediate action up to and including police involvement.

Phoenix Comicon prohibits any harassment between volunteers, attendees, exhibitors or guests on the basis of sex. No person, male or female, should be subjected to unsolicited or unwelcome sexual overtones and conduct, either verbal or physical. Misconduct applies to both males and females, and includes harassment between individuals regardless of sex. Any person who believes he or she is a victim of sexual or discriminatory harassment is encouraged to let the harasser know that his or her behavior is unwelcome. Those who believe they have been harassed should immediately report the matter to Facility Security Personnel, Local Police or Phoenix Comicon Staff.

## COSPLAY IS NOT CONSENT

Phoenix Comicon supports the movement "Cosplay is not Consent" to empower fan convention costume enthusiasts (aka "cosplayers") to SPEAK OUT against inappropriate social behavior of a sexual and/or stereotypical nature for themselves and fellow fans. Cosplay is NOT consent!

The culture of Cosplay is one of fun, creativity, and mutual respect. Unfortunately, not every fan adheres to the "respect" part. Cosplay is NOT Consent - and cosplayers who dress in (sometimes) revealing costumes should not accept inappropriate behavior from their peers. Speak out; speak up; and help keep cosplay comfortable and fun!

You should make every attempt to gain direct consent on all photographs of cosplay, including all private photographers. All photographers, commercial and private, should refrain from taking secret photos or photos of cosplayers in compromised positions and should not take photos with the intent of commercialization without consent of the subject. Cosplayers love to have their photos taken, so just be polite and ask! 🍷

### Dare to Escape: X-Child

Telepathy Acclimation Program, or TAP, was a program set up to train potential human telepaths. Children who showed telepathic potential were sent to Station Zero, a facility located deep in the Mojave Desert for training. You were one of the children who was sent to this facility. Officially, TAP's function was "to evaluate telepathic abilities so an understanding of this phenomenon could be compiled." In reality, they did physical and psychological experiments on you and other children. The facility was closed down, and your memories of the place is hazy. After years of searching, you and a group of TAP victims were finally able to locate the now-abandoned facility. Some old systems are still active though. As soon as you enter the facility, it goes into a lockdown.

When you arrived to the meeting location, however, men in black masks jumped the diner and subdued you. ### Dare to Escape: X-Child

Telepathy Acclimation Program, or TAP, was a program set up to train potential human telepaths. Children who showed telepathic potential were sent to Station Zero, a facility located deep in the Mojave Desert for training. You were one of the children who was sent to this facility. Officially, TAP's function was "to evaluate telepathic abilities so an understanding of this phenomenon could be compiled." In reality, they did physical and psychological experiments on you and other children. The facility was closed down, and your memories of the place is hazy. After years of searching, you and a group of TAP victims were finally able to locate the now-abandoned facility. Some old systems are still active though. As soon as you enter the facility, it goes into a lockdown.

You are an investigative journalist working for the renowned newspaper Daily Trumpet. A few weeks ago, an undercover FBI operative contacted the Trumpet. After checking the story, you and your team agreed to meet with him in person at a diner in a remote town. When you arrived to the meeting location, however, men in black masks jumped the diner and subdued you. You wake up imprisoned in a cell with a note from the FBI agent: "Sorry things have turned out this way... I'll lure the sentry out with a story, but it won't hold long. You have to recover their action plan and get out within 30 minutes."

### Dare to Escape: X-Child

Telepathy Acclimation Program, or TAP, was a program set up to train potential human telepaths. Children who showed telepathic potential were sent to Station Zero, a facility located deep in the Mojave Desert for training. You were one of the children who was sent to this facility. Officially, TAP's function was "to evaluate telepathic abilities so an understanding of this phenomenon could be compiled." In reality, they did physical and psychological experiments on you and other children. The facility was closed down, and your memories of the place is hazy. After years of searching, you and a group of TAP victims were finally able to locate the now-abandoned facility. Some old systems are still active though. As soon as you enter the facility, it goes into a lockdown.

### Dare to Escape: The Cell

You are an investigative journalist working for the renowned newspaper Daily Trumpet. A few weeks ago, an undercover FBI operative contacted the Trumpet. He told a story about a terrorist organization, called Sons of Sahar, planning an attack on US soil. He believed someone in the FBI was "letting this happen". After checking the story, you and your team agreed to meet with him in person at a diner in a remote town. When you arrived to the meeting location, however, men in black masks jumped the diner and subdued you. You wake up imprisoned in a cell with a note from the FBI agent: "Sorry things have turned out this way... I'll lure the sentry out with a story, but it won't hold long. You have to recover their action plan and get out within 30 minutes."

#### Dare to Escape: X-Child

Telepathy Acclimation Program, or TAP, was a program set up to train potential human telepaths. Children who showed telepathic potential were sent to Station Zero, a facility located deep in the Mojave Desert for training. You were one of the children who was sent to this facility. Officially, TAP's function was "to evaluate telepathic abilities so an understanding of this phenomenon could be compiled." In reality, they did physical and psychological experiments on you and other children. The facility was closed down, and your memories of the place is hazy. After years of searching, you and a group of TAP victims were finally able to locate the now-abandoned facility. Some old systems are still active though. As soon as you enter the facility, it goes into a lockdown!

#### Dare to Escape: The Cell

You are an investigative journalist working for the renowned newspaper Daily Trumpet. A few weeks ago, an undercover FBI operative contacted the Trumpet. He told a story about a terrorist organization, called Sons of Sahar, planning an attack on US soil. He believed someone in the FBI was "letting this happen". After checking the story, you and your team agreed to meet with him in person at a diner in a remote town. When you arrived to the meeting location, however, men in black masks jumped the diner and subdued you. You wake up imprisoned in a cell with a note from the FBI agent: "Sorry things have turned out this way... I'll lure the sentry out with a story, but it won't hold long. You have to recover their action plan and get out within 30 minutes."
